

RX DELIVERY BY MAIL

CONVENIENCE, SAVINGS AND SAFETY.

Important:

If you are currently receiving prescription medication by mail from ServeYou Rx and have future refills available, your prescription information will be transferred to CVS Caremark on/around January 1, 2023. To ensure that you continue to receive your mail order medication in a timely manner, it is important that you contact CVS Caremark. There are two ways for you to connect with them:

- Register online at www.caremark.com
 - Select the “Register” tab on the top right side of the page
 - You can create an account without an ID number by choosing the “Personal Information” option
 - Follow the steps to create an account
 - Update billing/payment information for mail order medications
- Contact Caremark Customer Care at **800-565-7091**
 - Customer Care may direct you back to the Caremark.com website
- Download the CVS Caremark mobile app to access your information.
 - You will still need to create an account to do so.
- Pharmacy Information (if needed):
 - RXBIN: 004336
 - RXPCN: ADV
 - RXGRP: RX22GG
 - Pharmacy Help Desk: 800-364-6331 (for pharmacist use only)
 - Caremark Customer Care: 800-565-7091 (for member use)
- If your mail order prescription is no longer valid, you will need to work with your doctor to continue future mail order prescriptions.

**90-day supplies
typically cost
less than 30-day
supplies.**
